**HONG KONG**  
ASIA'S WORLD CITY

Lecturer: Mrs. Winnie Kang

Hong Kong Economic and Trade  
Representative (Tokyo)

Hong Kong is a fascinating blend of East and West. As a former British colony and now a Special Administrative Region of the People's Republic of China, it is a city of interaction between Eastern and Western powers. In terms of economy and trade, it is a major international hub connecting businesses of the East and the West. The unique blend of East and West can also be realized from the festivals and food to culture and entertainment in the city.

The speaker will share with you some interesting aspects of this cosmopolitan city in an interactive mode.
