

Mandatory for All UTokyo Account Users

Information Security Education (e-learning)

I. Intended for **all students** who have been issued with an UTokyo Account before November 15th, 2017, including researchers and auditing students, etc. Students currently taking leave of absence are not required to take the course.

II. The information security education program will be conducted during the following time periods:
October 1, 2017 to January 31, 2018 (Extended)

III. To take the e-learning course, please follow the steps outlined below.

1. Login to ITC-LMS (also accessible off-campus)
2. Select "Information Security Education"
3. View the "Information Security Education Video"
4. Take the five-question test about the video.

*You must answer all five questions correctly to pass and finish the course. Please retake the test until you get all five answers right.

5. Complete the questionnaire

*For more details of how to take the course, please refer to the "Information Security Learning (e-learning) Manual for Students".

*You must complete steps 3 to 5 to be able to finish the e-learning course.

*Please make sure you take the course during the specified time period.

*We are currently registering students who have obtained their UTokyo Account by September 15, 2017 to the e-learning course. Those who enrolled after this date may not be able to take the test for a little while due to the time it takes to complete their registration. The e-learning course can be taken once the registration process has been completed. We thank you for your understanding.

IV. Miscellaneous

As the information security education e-learning course is mandatory for all who use university-provided computer services, those who do not complete it may have their access to some UTokyo Account services (such as UTokyo Wi-Fi access) revoked.
