

May 2015

Announcement to Environmental Sciences 3rd students (AY 2015)  
Laboratory review session & visit for the Graduation Project

As mentioned in the last announcement for the Graduation Project, we will have the laboratory review session as described below. All ES-course 3rd-year students are strongly encouraged to attend the session, where more information about laboratories and research topics potential for the Graduation Project will be explained directly by professors.

Laboratory Review Session

Date: June 4, 2015, Thursday

Time: 18:00 to 20:00 pm

Room: 21KOMCEE 3<sup>rd</sup> floor K301

During the weeks following the review session and before early July, the professors are accepting your visit to their laboratories. Please be advised that visiting a professor and his/her laboratory should be arranged well in advance by making an appointment. Contact information of each professor will be given at the laboratory review session or earlier if possible.
