

Issue of Student Travel Discount Certificate during the Winter Break

Due to the closure of the Administration Office between Saturday 29 December and Thursday 3 January, it will not be possible to use the automatic issuing machines during this period.

Students needing certificates (Student Travel Discount Certificate etc.) during the New Year Holiday are asked to complete the relevant issuing procedures ahead of time.

✂As an exception, Student Travel Discount Certificates may be obtained from the automatic issuing machines (for Student Travel Discount Certificate only) on Hongo Campus (shown on the map) during the New Year Holiday. However, due to the closure of the Administrative Department during the above-mentioned period, please note that there will be difficulties in troubleshooting (e.g. machine breakdown, paper shortage). Please therefore make sure to obtain any necessary certificates well in advance.
