

Implementation of Student Evaluation Questionnaire

“Student Evaluation Questionnaire” is to be implemented in every Junior Division class offered this Winter Semester for the purpose of self-assessment/evaluation of the College of Arts and Sciences.

The questionnaire will be implemented in one of your classes during the last three weeks of the teaching period, from January 8 (Tue) to January 29 (Tue).

For the purpose of course improvements, we would like to know the opinions of students regarding teaching methods and content of each course, as well as the equipment available in the class. Please answer candidly and conscientiously.

Students are to assess courses anonymously. The answers provided will not affect your grade in any way.

Make sure to bring a pencil during the period above, as you need to use a pencil when filling out the form (no pens allowed). Thank you for your cooperation.
