

The University of Tokyo Global FD initiative presents an international symposium on teaching and learning

# Frontiers in Higher Education:

## Diversifying and Transforming Teaching

### Friday, March 29, 2019

Doors Open 9:45 | Lunch 12:30-14:00 | Close 17:00

Building 18 Hall, 1F @ Komaba Campus

Language: English (w/ simultaneous Japanese translation) | Admission: Free

You are cordially invited to join us for a one-day symposium focused on innovative approaches to teaching and learning in a global higher education environment. The symposium features keynote speakers from the United States, South Africa and Europe. They will present a diverse range of novel educational strategies and techniques, with a focus on active learning and student-oriented teaching across the humanities and social sciences through to the STEM disciplines. The symposium is an excellent opportunity to take stock of our role as educators, as well as to meet with colleagues from a range of institutions from across Japan and the world with a view to sharing best practice.
