

Note on Registering for Courses of Other Faculties

When registering for courses in the final semester in the graduation year, be sure not to count any courses of other faculties in the credits required for graduation but plan well to earn enough credits only for courses offered by the Senior Division, the Faculty of Arts and Sciences to meet the requirement.

When courses are evaluated through the exams at the end of S2 Term (mainly for Fall-entry students) or A2 Term (mainly for April-entry students), note that students may fail to meet the graduation requirements and cannot graduate from the Senior Division, as the deadlines of grade reporting differ by faculties and some may not be reported before the graduation judgement of the Faculty of Arts and Sciences.

他学部科目履修上の注意

卒業予定年度の最終学期においては、他学部開講科目の単位を含めず、本学部開講科目のみで卒業要件を満たすよう履修計画を立てること。

特に S2 ターム末（主として秋入学生）、A2 ターム末（主として4月入学生）に試験等により評価が行われる科目については、各学部・科目により採点報告締切日が異なる関係で教養学部の卒業判定会議までに成績が報告されず卒業できない場合があるので、注意すること。
