		08	Supervised Readings II
		09	Foundations of Interdisciplinary Cultural Studies I
		10	Foundations of Interdisciplinary Cultural Studies II
		11	Seminar in Interdisciplinary Cultural Studies I
		12	Seminar in Interdisciplinary Cultural Studies II
		13	Topics in Interdisciplinary Cultural Studies I
		14	Topics in Interdisciplinary Cultural Studies II
		15	Special Seminar in Interdisciplinary Cultural Studies I
		16	Special Seminar in Interdisciplinary Cultural Studies II
		17	Foundations of Area and Historical Studies I
		18	Foundations of Area and Historical Studies II
		19	Seminar in Area and Historical Studies I
		20	Seminar in Area and Historical Studies II
		21	Topics in Area and Historical Studies I
		22	Topics in Area and Historical Studies II
		23	Special Seminar in Area and Historical Studies I
		24	Special Seminar in Area and Historical Studies II
		25	Foundations of Social and International Studies I
		26	Foundations of Social and International Studies II
		27	Seminar in Social and International Studies I
		28	Seminar in Social and International Studies II
		29	Topics in Social and International Studies I
		30	Topics in Social and International Studies II
		31	Special Seminar in Social and International Studies I
		32	Special Seminar in Social and International Studies II
		33	Internship
		34	Special Topics: Japan in East Asia
		35	Seminar: Japan in East Asia
		36	Cultural Foundations of East Asia
		37	Cultural Diversity in East Asia

		42	Cultural Representations I

			43	Cultural Representations II
			44	Literature and Thought I
			45	Literature and Thought II
			46	Text Analysis I
			47	Text Analysis II
			48	Text Analysis III
			49	Linguistic Diversity
			50	Historical Perspectives I
			51	Historical Perspectives II
			52	Social and International Studies I
			53	Social and International Studies II
			54	Advanced Social Research: Migration
			55	Advanced Social Research: Human Security
			56	Advanced Social Research: International Relations
			57	Advanced Social Research: Ethnicity
			58	Thesis Writing I
			59	Thesis Writing II
	W	Others	01	Graduation Thesis
Department of Interdisciplinary Sciences	A	Common Courses for the Department of Interdisciplinary Sciences	01	Introduction to History of Science and Technology
			02	Introduction to Science and Technology Studies
			03	Geography and Spatial Design I
			04	Geography and Spatial Design II
			05	Introduction to Informatics I
			06	Introduction to Informatics II
			07	Introduction to Earth and Environmental Sciences
			08	Introduction to Energy Science
	F	International Program on Environmental Sciences	01	Materials Chemistry I
			02	Statistics
			03	Environmental Impact Assessment and Mitigation
			04	Civilization and Technologies
			05	Environmental Issues in Japan
			06	Professional Ethics
			07	Science, Technology and Society
			08	Environmental History and Philosophy
			09	Technology and Sustainable Development
			10	Environmental Risk Management
			11	Special Lecture on Environmental and Safety Principles
			12	Contemporary Environmental Issues
			13	Law and the Environment
			14	Environmental Economics
			15	Economic Policy Analysis
			16	Development and the Environment
			17	Environmental Sociology
18	Special Lecture on Environmental Management and Policy			
19	Biodiversity and Ecosystems			
20	Modeling and Simulation (In and before 2017: Simulation Methods)			
21	Environmental Measurement I			
22	Environmental Measurement II			
23	Thermodynamics (In and before 2019:Thermodynamics for Environmentology)			
24	Environmental Informatics			
25	Environmental Hygienics			

		26	Operations Research	
		27	Special Lecture on Environmental Measurement and Evaluation	
		28	Chemistry for Environmental Science (In and before 2019: Chemistry for Environmental Studies)	
		29	Evolution of Matter and the Universe	
		30	Materials, Systems and Dynamics I (In and before 2021: Earth System Science I)	
		31	Materials, Systems and Dynamics II (In and before 2021: Earth System Science II)	
		32	Materials, Systems and Dynamics III (In and before 2021: Earth System Science III)	
		33	Materials, Systems and Dynamics IV (In and before 2021: Earth System Science IV)	
		34	Special Lecture on Materials Systems and Dynamics	
		35	Advanced Energy Science and Engineering	
		36	Energy Technology and Natural Resources I	
		37	Energy Technology and Natural Resources II	
		38	Energy Technology and Natural Resources III	
		39	Energy and Environmental Engineering	
		40	Materials Chemistry II	
		41	Special Lecture on Energy and Resources	
		42	Food Safety and Risk Analysis	
		43	Modern Food Resources and Consumption (In and before 2017: Modern Food Consumption)	
		44	Food Production and the Environment (In and before 2021: Technology of Food Production, In and before 2017: Policy and Technology of Food Production)

		49	Urban Planning Technology I	
		50	Urban Planning Technology II	
		51	Special Lecture on Urban Planning and Disaster Prevention	
		52	Scientific Writing and Presentation Skills	
		53	Fieldwork and Case-studies for Environmental Sciences I	
		54	Fieldwork and Case-studies for Environmental Sciences II	
		55	Fieldwork and Case-studies for Environmental Sciences III	
		56	Special Lecture Series on Environmental Sciences	
		57	Experiments in Environmental Sciences I	
		58	Experiments in Environmental Sciences II	
		59	Experiments in Environmental Sciences III	
		60	Materials Chemistry	
		61	Introduction to Science and Technology Studies	
		62	Organic Chemistry (In and before 2021: Materials Chemistry I)	
		63	Environmental Measurement III	
		64	Inorganic Chemistry (In and before 2021: Materials Chemistry II)	
		65	Materials, Systems and Dynamics V (In and before 2021: Earth System Science V)	
	H	Others	01	Special Seminar
			02	Special Research Work
Liberal Arts Courses for Advanced Students	A	Department of Humanities and Social Sciences	01	Advanced Liberal Arts in Interdisciplinary Cultural Studies
			02	Advanced Liberal Arts in Area Studies
