From April 13, the status of the Komaba Campus regarding novel coronavirus infections has been raised to "Stage Red B". In response to the extension of the state of emergency by the Japanese government on May 4, we decided to keep the "Stage Red B" restrictions on campus activities. We will continue to keep a close watch on the Japanese government operations and Utokyo headquarters movement in order to decide timing for restriction alleviation. Please confirm the Komaba Campus Activity Restrictions Index for Preventing the Spread of Coronavirus Disease 2019 (COVID-19) again and strictly follow these measures for protecting the health and safety of the members of the Komaba Campus community and the larger society.

Thank you very much for your cooperation.
