Handling of Cases Suspected of Being Infected with COVID-19

After careful consideration by the College of Arts and Sciences based on the University's policy, considering the fact that face-to-face classes are being held in principle from AY2022, the fairness of evaluation based on the Senior Course Selection (*Shingaku Sentaku*), and recent social conditions, it was decided that **no alternative measures will be taken for the Exam-period exams in the 2022 S Semester and S2 Term when infection with COVID-19 is suspected.**

If you are suspected of being infected with COVID-19, you should refer to the PEAK Academic Handbook “IV Regular Exams and Grades” “3. When a Course Is Graded as F/Fail or Absent”.
